

Conditional statements:

They are used to check conditions to display the results.

* If statement:

Syntax :-

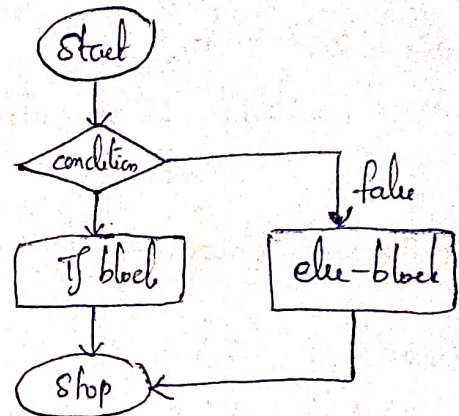

if (condition) :
 statement

* If-else statement:

Syntax :-

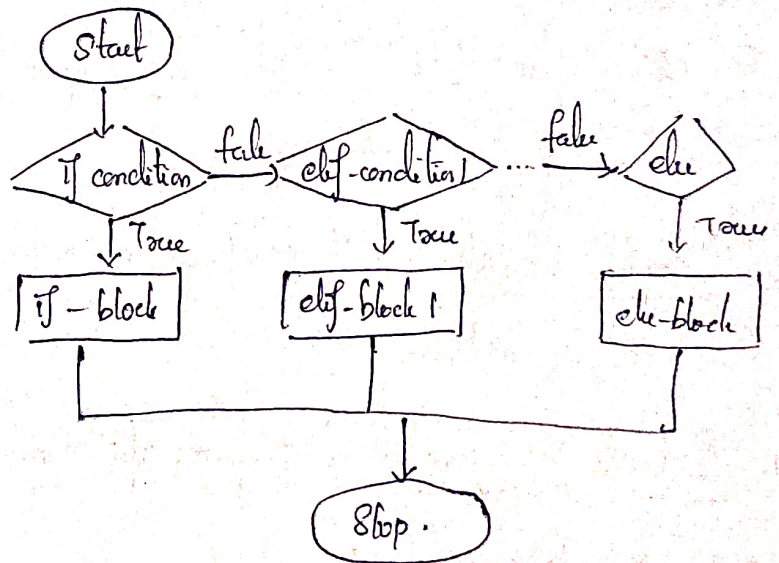

if (condition) :
 statement
else :
 statement.

* If-else-if ladders:

Syntax :-

if (condition) :
 statement
elif (condition) :
 statement
...
else :
 statement.

NOTE => elif came from the combination of else and if.
